

Gigi Montico | Events 1961-2026

Chart and complete register - two-year grouping, updated 21 September 2026

Interactive chart: each coloured segment represents one item. Hover for the event name and click to reach its table row. Native tooltip support is best in Adobe Acrobat Reader desktop and may vary in other PDF viewers.

98 annual occurrences: 94 events or launches and 4 continuations. The four books are counted once per title. Descriptions marked estimated identify the 14 provisional year placements.

Reading the chart

The x-axis groups consecutive years into two-year periods to keep the complete career on one compact line. The table preserves the exact year assigned to each item. A star marks a two-year bin containing at least one estimated year. Estimated placements are not presented as certainties. The register records the best current reconstruction from the available material and may be revised if Montico supplies a more precise date or document.

Source: Montico_eventi_per_anno_1961-2026_v11.md and its event register. This is a reasoned reconstruction, not a complete census of the artist's career.
